Overview

This pathway is designed to meet Associate in Arts degree requirements with a concentration in Kinesiology, Sports, & Exercise Science. This pre-major pathway is designed to prepare you to transfer at the junior-level into an kinesiology or related program at a four-year college or university. Kinesiologists ask questions such as: How does physical activity affect the aging process? What physiological changes characterize the relaxation response? How do humans adapt to environmental stresses? Kinesiology involves the multidisciplinary study of human movement and function. (Read program QR code to see more)
