SPRING 2021 ENROLLMENT:

We are currently enrolling for Spring Quarter! The enrollment process for Spring 2021 will be done by individual enrollment sessions.

In order for us to contact students, interested students should use their phone and text **@43aa98** to the number **81010**

This will allow us to easily text and/or call interested students to move forward with enrollment. This step is only for students interested in enrolling.

If parents and/or school officials have questions about our enrollment process, you can email Career Link at clhs@seattlecolleges.edu and we will direct your question to the person in our program who can best answer your question.
