Dear Students:

Welcome to South Seattle College, you are officially South Otters! We hope you will find this handbook useful as you pursue your academic and professional goals and dreams.

Your unique experiences and backgrounds enrich our college and community. We know that choosing to start or continue college during a pandemic is a big decision, and we at South are grateful that you have chosen to enroll here. It’s more important than ever to help you be successful while you are here. This handbook provides you with “insider” tips, hints and suggestions from faculty, staff and graduates to help you reach your goals.

A few hints that we’ve learned from successful students:
1. Use as many support services as possible (from Advising to the Writing Center), all of which are available to you online, and most of which will also be available in person this fall.
2. Get to know your faculty, staff and fellow students, even in online courses.
3. Stay in touch with your advisor or counselor, they can guide you in developing your Education Plan.
4. If you need a little extra help, don’t wait. Talk with your instructor, reach out to Tutoring, which is also available online.

Otters, by nature, stick together to thrive. Please remember that your South faculty and staff are ready to support you. As you start or continue your educational journey at South, remember that you can truly Start Here, Go Anywhere!

Have a great year,

Dr. Rosie Rimando-Chareunsap
South Seattle College President

Hi South Seattle College Students,

My name is Addiemaymae, Addie, Winston and it is my privilege to welcome you to this upcoming school year. I am excited and grateful to serve as this year’s United Student Association, USA, President. USA and I wish you good health and academic success this year.

We are comprised of eight student advocates who represent student interests and concerns to the administration. As advocates for students, it is USA’s mission to help every student feel comfortable and heard on campus.

Our team has already started pitching ideas that will improve the quality of student life both on campus and during online learning. We aim to support the opening of the new gym for recreational use, provide outside online learning tools to all students, and continue to promote cultural awareness among our diverse population.

These goals are just a small part of our overall mission to help every student feel heard on campus. In order to completely fulfill our mission, we must hear YOUR voice! So, please reach out to me or USA! We hold meetings via zoom every Tuesday from 6:00PM-7:30PM. If you cannot join one of our meetings, or would rather not, please do not hesitate to email me. We have a webpage, USA Canvas page, FB and Instagram accounts so please connect with us. Also, if you would like to serve or volunteer on our team, we would love to hear from you.

I look forward to getting to know everyone here at South!

As a new student, you will first apply to the college for admissions. Through this process, you will be assigned student identification and PIN numbers. Both of these numbers identify you as a student at South and are used to access student online services.

Step 1 - Determine Placement
As a new student, you will participate in placement which assesses your strengths in writing, reading and math. This assessment should be completed before you meet with an advisor or counselor. They will use the assessment information to select your first quarter courses.

RETURNING OR CURRENT STUDENTS

If you are a current or returning student, please use ctcLink to access your quarter registration appointment dates and time, register and pay for classes, buy a parking pass, view your financial aid status, run a Degree Audit and more! If you have not activated your ctcLink ID (EMPLID) or need assistance recovering it, please click here for support.

RUNNING START

The Running Start program allows qualified high school juniors and seniors to enroll tuition-free in college courses. Running Start students must meet certain eligibility requirements and must meet first with your high school counselor. Next, you will meet with a Running Start advisor who will help with course selection and share next steps for registration.

CONTINUING EDUCATION

The Continuing Education Department offers noncredit, lifelong learning classes, senior classes, community choir, professional development and on-line courses. Registration is accomplished through the Continuing Education Department, click here.

WAYS TO PAY FOR COLLEGE

We know that paying for college can cause stress and uncertainty. The next two pages outline a few options, and we are here to help find the right option for you.

1. FINANCIAL AID

We encourage all students to apply for the FAFSA. This can qualify students to receive federal funding for the cost of attending college. Don’t wait to apply! Grants and scholarships exhaust quickly. You should plan to complete the FAFSA at least 90 days before the beginning of the quarter you are planning to attend, even if you are only considering going to school.

The WASFA is available for students who do not qualify to use the FAFSA. If you are HB 1079 or DACA eligible, then you may be able to receive funding.

2. PAYMENT PLAN

The Nelnet Payment Plan provides students the ability to break up the cost of tuition into affordable monthly payments. With numerous enrollment deadlines, payment plans are easy and flexible. For more info, visit our website.
Paying for School

3 SCHOLARSHIPS

Scholarships are a great resource to help pay for college. Scholarships are free money that can be used to pay for a variety of college expenses and are available to all students. The key to accessing these dollars is APPLYING. There are NO limits to how many scholarships you can apply for or be awarded. More info, visit our website.

4 EMERGENCY FUNDS

Support Funds awards are available to students who have unanticipated financial barriers and meet certain criteria. Funds can be used for tuition, fees, textbooks, and transportation. This fund is not intended to be a substitute for financial aid or scholarships. More info, visit our website.

You may qualify for funding due to Covid-19 related hardship.

5 OPPORTUNITY GRANT

The Opportunity Grant provides funding for students pursuing specific Professional & Technical programs. To see eligibility requirements or for more info, visit our website.

6 WORKFORCE EDUCATION

Are you unemployed? The Workforce Education office can help you retrain for a new job or career. To determine eligibility, take five minutes to fill out the survey at startnextquarter.org. More info, visit our website.

Foundation Office
RSB 57D
206-934-6710 | Webpage
South - info@southseattlecollegefoundation.org
Seattle Colleges - scholarships@seattlecolleges.edu

South Seattle College students applying for scholarships are fortunate to have philanthropic support from two foundations: Seattle Colleges Foundation and the South Seattle College Foundation.

Both Foundations have partnered to create one application for all scholarship opportunities. The annual scholarship program will be offered only once per academic year. We encourage students to apply in Winter 2022 (mid-February) for the 2022-23 application. More information can be found at the webpage link above.
Any institution operating with thousands of people must have rules, policies and procedures in place to protect and support a cooperative educational environment.

To maintain this environment, the college outlines a code of conduct that defines both misconduct and proper/appropriate conduct. A student’s responsibility in maintaining a good environment is to:

• Maintain high standards of academic integrity
• Respect the rights of others
• Refrain from actions that endanger themselves or others
• Comply with civil authority

When these areas are violated and a simple and direct means of resolution is attempted and is unsuccessful, conduct proceedings may begin.

What Is The Complaint Procedure?
The Student Complaint Procedure includes informal and formal complaints by a student against an employee of the college or another student. This procedure is designed to protect all individuals involved. The first step for students is to contact the student complaints officer, Dean of Student Life, Dr. Dan Johnson. The Dean will review/discuss the complaint, provide students with strategies to resolve the complaint, and guide students through the informal and formal complaint submission process.

Wish To Submit A Complaint?
Schedule an appointment with Complaint Officer, Dr. Dan Johnson, Dean of Student Life at the phone or email above.

Where Can I Learn More?
Please see our webpage, link above, for additional info.

   a. When a report of a violation occurs, the VPSS Office will begin an investigation to determine the validity of the report.
   b. The student(s) and witness(es) may be called for an initial interview.
   c. The student will be notified of the violation, their rights and responsibilities, and date of the Student Conduct hearing if the report and/or investigation results in allegations of violations of the student code.
   d. After the hearing, the student will be notified of the decision and what if any, disciplinary sanctions apply. Sanctions may include warnings, reprimands, probation, suspension, or expulsion.

During the conduct proceedings and pending sanctions, a student’s enrollment status is not changed until a disciplinary action is issued by the VPSS Office. Students have the right to appeal certain sanctions imposed by the VPSS Office. Closure information will be distributed in a number of additional ways. Please see the “About the Alert System” section below for details, or learn more about closures here.

ABOUT THE ALERT SYSTEM

In the event of a weather-related delay or unscheduled campus closure, students and staff members will be notified via email. For students, messages will be sent to the email address that was used for registration.

In addition to receiving an email, students and staff can also receive a text message or a recorded message to a phone number regarding closure information. (This information is not sold to a third party) For those who do not wish to subscribe to this free service, closure information is available through South’s website and social media on Facebook (South Seattle College) and Twitter (@SouthSeattleCC).

For staff, messages will be sent to their Seattle Colleges email address.

TYPES OF CLOSURES

Single Campus Closures
In cases of closure due to weather-related emergencies such as snow, a decision and announcement regarding closure will be made by the individual campus and relayed to the chancellor or their designee.

District-wide Closures
In the event of widespread or catastrophic emergency, a decision and announcement will be the same for all campuses and offices of the district, following discussion by the college presidents and chancellor (or their designees), or by the Emergency Communications Committee, as called for in the district emergency communications plan. Closure information should be available first on the Public Schools Emergency Communications System.

Closure Announcement Timing:
• Evening classes/offices - Conditions permitting, decision by 2 p.m.
• Day classes/offices - Conditions permitting, decision by 5 a.m.
