If you would like to review a full practice test before you come in, please email [studentplacement@seattlecolleges.edu](mailto:studentplacement@seattlecolleges.edu) with the subject "Wonderlic Practice Test" and we will send you a full practice version.

While you take the practice test, we recommend timing yourself at least one time (20 minutes) as the test you will be taking in the Student Assessment Office will have a 20 minute time limit.

- While you take the practice test, we recommend using a calculator as you will be allowed to use a calculator on the test you will be taking in the Student Assessment Office.
- There are four possible answers for each question, but only one is correct. Your score is based on the number of questions you answered correctly. If you think you know the answer, but are uncertain, select that answer and move on to the next question.
- You do not have to answer all 45 questions, however you should try to answer as many as possible.
- In the official test, you will be able to review your answers if you have time at the end.
