Greetings

Dear Students:

Welcome to South Seattle College! We hope you will find this handbook useful as you pursue your academic goals and dreams. This handbook provides you with “insider” tips, hints and suggestions from faculty, staff and graduates to help you reach your goals.

Your unique experiences and backgrounds enrich our college and community, and we are grateful you have chosen to attend South.

A few hints that we’ve learned from successful students:

1. Use as many support services as possible (from Advising to the Writing Center).
2. Get to know your faculty, staff and fellow students.
3. Stay in touch with your advisor or counselor, they can guide you in developing your Education Plan.
4. If you need a little extra help, don’t wait. Talk with your instructor, check out the Tutoring Center, or visit the MAST (math and science tutoring).

As you start or continue your educational journey at South, remember that you can truly Start Here, Go Anywhere!

Best wishes with your future,

Greetings

Hello South Seattle College Students!

Our names are Krisna Mandujuano and Anna Au. It is our absolute privilege to welcome all of you into the new school year as the President and Vice President of South Seattle College’s student government, the United Student Association (USA). On behalf of our fellow USA members, we wish you academic success and excellence in the quarters to come at South.

As an advocate for students, it is our mission to help improve the quality of student life on and off campus. Our team will strive to create projects and opportunities for everyone to participate in a safe and productive learning environment. We aim to promote cultural awareness among our diverse student population, complete the initiative to reduce or completely eliminate smoking on campus, and preserve vital educational and social justice programs that are the fabric of our school. In addition, we will relentlessly represent our student body and lobby for adequate funding, sufficient faculty compensation, and further financial support for all students. Legislative advocacy is essential to promote adequate support for schools and their students.

To continue to lobby and advocate for education affordability, Anna will be inviting our legislators to visit our school, share our views, and ask them to take action on current issues faced by both our students and administrators.

We hope you can join us throughout the school year to make an impact and a difference in student life. Share your voice with us — all ideas are welcome! We have weekly meetings, held in JMB Student Center room 128. Please do not hesitate to contact me or our fellow USA board members if there's anything we can do to improve your experience at South Seattle. We rely on your vigilance to help uphold the inspirational values of our school as we continue to pursue our dreams and better our lives through education.

Together, we can make a difference.

Sincerely,

Anna Au, United Student Association Vice President and Krisna Mandujuano, President

Student Conduct & Rights

WHAT IS THE COMPLAINT PROCEDURE?
The Student Complaint Procedure includes informal and formal complaints by a student against an employee of the college or another student. This procedure is designed to protect all individuals involved. The college has identified a Student Advocate who can assist students with the Formal and Informal Complaints process and a Complaints Officer who will facilitate any complaints through the formal procedure.

WISH TO SUBMIT A COMPLAINT?
South's designated Student Advocate is Dan Johnson, Dean of Student Life.

If you wish to log any kind of complaint, you can learn more about the complaint process here.

WHERE CAN I LEARN MORE?
Please see Resources and Help for additional information.

Student Conduct

Any institution operating with thousands of people must have rules, policies and procedures in place to protect and support a cooperative educational environment.

To maintain this environment, the college outlines a code of conduct that defines both misconduct and proper/appropriate conduct. A student's responsibility in maintaining a good environment is to:

- Maintain high standards of academic integrity
- Respect the rights of others
- Refrain from actions that endanger themselves or others
- Comply with civil authority

When these areas are violated and a simple and direct means of resolution is attempted and is unsuccessful, conduct proceedings may begin.
Student Conduct Policy & Procedure

1. What is misconduct?
Misconduct is inappropriate behavior that affects the institution’s pursuit of its educational objectives. See examples of student misconduct on page 11.

2. Who can report a misconduct issue?
Any member of the college community may file a student conduct complaint against any student when they believe a violation has been committed.

3. Who can I talk to if I have a concern or complaint?
Sometimes there may be a situation that causes a student to have a concern, suggestion or complaint. These resources are available:
• Counseling Services, Robert Smith Building, 206-934-5387
• Disability Services, RSB 12, 206-934-5137
• Office of Diversity and Retention, JMB 133, 206-934-6455

4. How do I report a conduct issue?
• Student conduct incidents are reported to the Vice President of Student Services, Chief Student Conduct Officer, or to the Executive Assistant to the VPSS. The VPSS Office can be reached at 206-934-6788.

• Violations may also be reported directly to SSC Security as well as the police. SSC will directly report the incident to VPSS. Use 206-934-0911.

5. What if I have a complaint about a grade?
See page 30 for procedure information.

Student Complaints are not the same as Student Misconduct
A “complaint” is defined as a good faith allegation based on personal experience or knowledge by a student or students that there has been a violation, misapplication, or misinterpretation of some service or rule as it applies to students in the institution by a staff or faculty member of the institution, resulting in loss or detriment to the complainant. The Dean of Student Life, located in the Jerry Brockey Building, serves as Ombudsman and is the first point of contact for students considering the submission of a complaint.

The Dean of Enrollment Services is the campus Complaint Officer and is located in the Registration Office in the Robert Smith Building. For more information regarding the Student Complaint Process, visit the Student Resources – Complaints Overview page located at: https://southseattle.edu/student-resources/complaints-overview

6. What is the process for student conduct violations?
A. When a report of a violation occurs, the VPSS Office will begin an investigation to determine the validity of the report.

B. The student(s) and witness(es) may be called for an initial interview.

C. The student will be notified of the violation, their rights and responsibilities and date of the Student Conduct hearing if the report and/or investigation results in allegations of violations of the student code.

D. After the hearing, the student will be notified of the decision and what if any, disciplinary sanctions apply. Sanctions may include warnings, reprimands, probation, suspension or expulsion.

During the conduct proceedings and pending sanctions, a student’s enrollment status is not changed until a disciplinary action is issued by the VPSS Office. Students have the right to appeal certain sanctions imposed by the VPSS Office. The appeal letter must be received by the VPSS within 20 calendar days from notice and should contain a reason for appeal. Appeals are forwarded to the Student Conduct Appeals Committee which is lead by the Assistant Attorney General for the state of Washington.

Wish to Submit a Grade Complaint?
To submit a grade complaint contact: Dan Johnson, Dean of Student Life.

Brochures concerning the issue are posted throughout the campus and are distributed by the VPSS office.

9. **Possession, consumption, intoxication or distribution on campus of alcohol, controlled substances or unlawful drugs, including marijuana** (for any purpose or amount)

10. **Smoking inside a campus building or where smoking is not authorized.** Smoking is prohibited in any building on campus. In addition, state law WAC 296-62 requires the college to “minimize the infiltration of environmental tobacco smoke from sources outside the building. To meet this requirement, smoking is prohibited within 25 feet of the entrances to campus buildings and “No Smoking” signs are posted in these areas. Smoking shelters are available in several locations on campus to accommodate smokers during inclement weather.

Closures

School Closure Information

The college announces when it is closed, not when it is open. Visit the web at www.flashalert.net for closure announcements. The following local/network stations will publicize messages we post regarding school closure during inclement weather, etc.:

Television: KCPQ, KING, KIRO, KOMO, NW Cable News
AM Radio: KIRO, KIXI, KLAY, KOMO, KRKO
FM Radio: Numerous stations

In the event of an emergency on campus, multiple ways will be used to communicate the situation:

• A pop-up message will appear on logged-on computers.
• Selected speakerphone telephones across campus will broadcast a message.
• The Campus Alerts system will be activated, sending e-mails and text messages to subscribers.
• The clock tower speakers may also be used to broadcast a message.

Closure information will be distributed in a number of additional ways. Please see the “About the Alert System” section below for details.

About the Alert System

In the event of a weather-related delay or unscheduled campus closure, students and staff members will be notified via email. For students, messages will be sent to the email address that was used for registration.

In addition to receiving an email, students and staff can also receive a text message or a recorded message to a phone number regarding closure information. (This information is not sold to a third party) For those who do not wish to subscribe to this free service, closure information is available through South’s website and social media on Facebook (South Seattle College) and Twitter (@SouthSeattleCollege).

For staff, messages will be sent to their Seattle Colleges email address.

Closure information should be available first on the Public Schools Emergency Communications System site at www.schoolreport.org.

Closure Announcement Timing:
• Evening classes/offices -- Conditions permitting, decision by 2 p.m.
