

South Seattle Community College
College-wide Priorities 2005-2007*
Reviewed by the President's Cabinet
November 23, 2004

1. Promote student learning and success.

- a. Invest in new program development
- b. Invest in transition of ESL/ELL students to college-level courses
- c. Support programs and services that serve our diverse student population
- d. Invest in strategies for increased retention, completion, graduation and transfer rates, enabling students to reach their goals
- e. Further develop recruitment and marketing strategies to increase visibility of our programs and services
- f. Assess our community's needs in order to develop a long-term vision for programs and services

2. Ensure the financial health of the college.

- a. Provide adequate funding to ensure the sustainability of our program offerings
- b. Increase percentage of tuition-paying programs
- c. Develop alternative sources of income
- d. Build adequate college reserve fund
- e. Increase financial accountability at department levels
- f. Evaluate low demand programs for revision or elimination
- g. Further develop strategies to create community partnerships
- h. Assess opportunities to ensure long term fiscal stability for the college

*College-wide Priorities for 2005-2007 were developed by the President's Cabinet based on the Institutional Goals.
