

South Seattle Community College
College-wide Priorities 2007-2009*
Adopted by the President's Cabinet

- 1) Promote student learning and success.
 - Invest in new program development
 - Invest in transition of ESL/ELL students to college-level courses
 - Support programs and services that serve our diverse student population
 - Invest in strategies for increased retention, transition, completion, graduation and transfer rates, enabling students to reach their goals
 - Further develop recruitment and marketing strategies to increase visibility of our programs and services

- 2) Prepare the college for its preferred future.
 - Develop a process to assess workload management
 - Ensure faculty and staff have opportunities for skill-building and wellness
 - Assess our community's needs in order to develop a long-term vision for programs and services

- 3) Ensure the financial health of the college.
 - Increase percentage of tuition-paying programs
 - Develop alternative sources of income and build adequate college reserve fund
 - Evaluate low demand programs for revision or elimination
 - Further develop strategies to create community partnerships

*College-wide Priorities for 2007-2009 were developed by the President's Cabinet based on the Institutional Goals.
